

Whitehill Town Council Strategic Plan - covering 12-month period 1st January to 31st December 2018

This Whitehill Town Council Strategic Plan is a 'rolling 12-month plan' setting out the key projects and initiatives for the Council; it is structured around 5 work-streams as follows:

1. Policy & Resources Committee work-stream (*see page 2*).
2. Amenities Committee work-stream (*see page 4*).
3. Planning & Highways Committee work-stream (*see page 7*).
4. Maximising Opportunities (non-core business activities) work-stream (*see page 9*).
5. Relationship Management work-stream (*see page 11*).

The plan captures the headline activities for key projects and initiatives being undertaken within each of the 5 work-streams, along with any significant risks / delivery barriers and mitigating actions, aligned within quarterly 3-month blocks. The plan is updated every 3 months with the completed quarter being performance checked and signed-off before it is removed and a new quarter is inserted.

This approach ensures that the Council, and its various committees, are always looking, thinking and planning 12-months ahead.

The plan is a fluid and live working document and, as such, new projects and initiatives can be incorporated as and when agreed. Likewise, projects and initiatives can be easily removed from the plan once completed.

The Policy & Resources Committee; Amenities Committee; and Planning & Highways Committee work-streams are managed, co-ordinated and delivered by the respective named committees.

The Maximising Opportunities work-stream is predominantly focused on opportunities arising from the regeneration transformation of Whitehill & Bordon and is overseen by Council.

The Relationship Management work-stream is overseen by Council.

Full Council has collective responsibility for agreeing the activities and initiatives contained within the plan; monitoring delivery performance; and for agreeing corrective actions to mitigate against delivery risks including reputational impact.

Policy & Resources Committee; its sub-committees and working parties; and its key projects & initiatives (reviewed by P&R 13.11.17):

Membership	Meeting Dates	Sub-Committees / Working Parties	Key Priorities 2016/17
